

International Conference on Information Science and Communications Technologies

ICISCT2023

Applications, Trends and Opportunities

28th – 30th September, 2023

Tashkent, Uzbekistan

IMPORTANT DATES

- Paper submission deadline: August 21. 2023
- Notification (starts): September 04. 2023
- Camera ready: September 10. 2023
- Conference date: September 28-30. 2023

Paper Submission link:

<http://icisct2023.org/openconf/openconf.php>

Publication of Proceeding:

All selected papers of the conference will be indexed in SCOPUS, Google Scholar and IEEE Digital Library.

CALL FOR PAPERS

The International conference on information science and communications technologies ICISCT2023. The 2023 IEEE and IFIP International Conference in central Asia on Information Science and Communications Technologies. ICISCT 2023 invites high-quality recent research results in the areas of Information Science, Wireless and optical communications Networks and Information and communications technologies ICT.

TRACKS

Computing

- Distributed and parallel systems
- Cloud Computing
- Human-centered Computing
- Mobile and Edge computing
- Mathematical Modeling and Computing
- High Performance Computing
- Distributed Optimization, Game and Learning Algorithms

Networking & IoT

- Internet of Things
- Block chain
- 5G/6G Network Evolutions
- Sensing and Sensor Networks
- Wireless communications
- Telecommunication systems and Networking
- Fiber Optics Technology and Photonics

Computer vision

- Human Computer Interaction
- Signal and Image Processing
- Geographic Information Systems
- Computer Graphics, VR and AR
- Pattern Recognition
- Navigation Systems
- Personalized Monitoring
- Augmented and Mixed Reality

AI & Data science

- Deep Learning
- Neural networks
- Large language models & NLP
- Expert Systems
- Agents and Multi-Agent Systems
- Machine Learning
- Big Data
- Data Science
- Data Mining
- Fuzzy Logic
- Sentiment Analysis
- Information Retrieval

Security

- Privacy
- Surveillance
- Nature-inspired and Bio-inspired Cyber-defense
- Internet Security
- Intrusion Detection
- Secure Transactions
- Cognitive Cybersecurity
- Cryptography
- Cyber Forensics
- Secure Protocols
- Cybersecurity

Ambient Intelligence

- Ambient Assisted Living
- Smart Healthcare
- Intelligent Transportation
- Smart Cities and Services
- Affective computing
- Electronics and Robotics
- Educational systems and e-learning
- Web Services and Performance
- Digital Economy and Digital Currency
- Mobile Applications
- Digital Governance

CONFERENCE VENUE

Tashkent University of Information Technologies named after Muhammad al-Khwarizmi (TUIT), TASHKENT, UZBEKISTAN

CONTACTS

 icisct.conference@gmail.com
 <http://www.icisct2023.org/>
 +998 71 2350900
 Tashkent, Uzbekistan

REGISTRATION

Academic attendee	150 \$
Student attendee	100 \$
General attendee	150 \$
